Academics Pin

Earn the Astronomy belt loop, and complete five of the following requirements:

1. Draw a diagram of a telescope and explain how it works.
2. Locate and identify five constellations. You may use a telescope.
3. Using a telescope, find at least one planet and identify it.
4. Find the North Star. Explain its importance.
5. Interview an astronomer. Learn about careers that relate to Astronomy. What school subjects will help you get a job in astronomy?
6. Visit an observatory or a planetarium. Give a report on what you learned to your den.
7. Make a poster illustrating the different kinds of stars. Include a diagram showing the life cycle of a star.
8. Learn about some of the early space missions. Tell your den or family about one of them.
9. Find a current event about a recent happening related to space. Tell your den or family about this event.
10. Make a chart to show the phases of the moon over a two-month period. Define a blue moon.
11. Write a report on two famous astronomers.
12. Locate three major observatories on a map. Explain why these locations are good for astronomy.
